Got an idea? Something you have done or seen at another conference?

Please contact BOHS if you would like to design a package of your own or if there is something you would like to do to enhance your presence at the conference.

10th IOHA International
Scientific Conference

25 - 30 April 2015
Hilton London Metropole

10th IOHA International
Scientific Conference

The vision for IOHA London 2015 is to achieve a step change in the reputation of Occupational Hygiene by creating opportunities for synergy between health-related professionals and scientists.

Building on Occupational Hygiene Together

BOHS is proud to be hosting the IOHA Conference in London in 2015.

The International Occupational Hygiene Association (IOHA) is an association of 29 occupational hygiene organisations that represent over 20,000 occupational hygienists from across the world.

IOHA London 2015 will be a truly global event, bringing together approximately 1,000 experts from the fields of occupational hygiene, exposure science, toxicology, ergonomics, epidemiology, occupational medicine and health, risk management, behavioural science and product stewardship.

The conference will offer the high quality scientific and technical content now synonymous with BOHS Conferences, as well as plenty of opportunity for networking and professional development.

The exhibition running alongside the Conference presents a unique opportunity for suppliers to showcase products and services directly to a global audience. Publicity for this conference will reach over 20,000 professionals worldwide and we expect up to 1,000 delegates to attend in person.

Don't miss out on this opportunity for collaboration at this prestigious international conference.
